

PAINTS & ADHESIVES

Construction Chemicals

Grouts

Cement Based Grout :

Advantages:

- Colour-fast
- Weather resistant
- Easy maintenance
- Non-shrinking,
- Non-cracking
- Easy application and clean up
- No wet curing required when used with latex

Available colors: Available in a range of more than 40 colours.

Packaging: 500gms, 1Kg, 10 Kgs

Epoxy Grout :

Advantages:

- Stainfree
- Colour-fast
- Easy to install and clean
- Chemical and temperature resistant
- Non-cracking or powdering
- Water cleanable when fresh

Available colors: Available in a range of more than 40 colours.

Packaging: 1/4 unit(1.4kgs), 1 unit (5.5kgs)

Water Proofing :

Advantages:

- Fast and easy installation
- Load bearing and anti-fracture properties
- Eco- friendly: No solvents or flammable materials
- Proven performance.

Paints :

Interior Paints :

Performance Features & Benefits:

Smooth Velvety Finish with Sheen Excellent Flow & Brushability Excellent Washability & Stain Resistance Very good Antifungal Resistance Ease of application Low odour.

Recommended Usage:

Recommended for exterior and interior of houses, architectural and commercial buildings, where high standard of surface protection is expected.

Exterior Paint :

Performance Features & Benefits:

Nerolac Impressions Excel Total All In One Acrylic Exterior Emulsion is high performance premium water based, long lasting exterior paint, with UPF (Ultimate Paint Formula). It is formulated to suit the extreme tropical conditions of high rainfall, humidity and heat. The product is based on 100% Acrylic resin and hence it forms a tough and flexible protective film, with an excellent bonding to the substrate, which prevents peeling off or cracking for years together. It contains special type of emulsion which gives Excellent Dirt-pickup Resistance and Excellent Sheen. All In One Acrylic Exterior Emulsion contains a unique combination of surface protectants, which are released slowly over a long period of time. This actively helps not only to prevent the fungal and algae growth, but also, ensures constant surface activity against these irritants for a long period. It also offers a 7 year warranty*

Recommended Usage:

Recommended for exterior and interior of houses, architectural and commercial buildings, where high standard of surface protection is expected.

Wood Coating :

Performance Features & Benefits:

Finish : Matt/Glossy It is used for Interior Application Economical Excellent Gloss / Sheen retention Excellent water resistance Superior UV Resistance

Recommended Usage:

Recommended for exterior and interior of houses, architectural and commercial buildings, where high standard of surface protection is expected.

Metal Coatings :

Performance Features & Benefits:

Very smooth satin like appearance Good washability Very good flow and brushability Hard durable film.

Recommended Usage:

Recommended for exterior and interior of houses, architectural and commercial buildings, where high standard of surface protection is expected.

Adhesive

Thinset Adhesives :

Advantages:

- Dual use: For both floors & walls
- Excellent non-sag formula
- Smooth, easy to use
- Improved impact resistance
- Increased flexibility

Available colours:

Grey & White.

Packaging: 20 Kgs

Thick Bed Adhesives:

Advantages:

High strength
Flexible, shock & impact resistant.
Improved adhesion to vitrified tiles
Improved bond strength, compressive & tensile strength.
Easy to use
Fast & economical

Available colors:

Grey & White.

Packaging: 50 Kgs

Epoxy Adhesive :

Advantages:

High bond strength
Fast setting
Easy to use
Water cleanable
Chemical resistant

Available colors:

Grey & White.

Packaging: 16 Kgs

Wall Putty :
